

FOLIO

Spring Convocation, 1983

One of the largest graduating classes in the University's seventy-five year history will receive degrees at Spring Convocation next week. From 30 May to 2 June, the Northern Alberta Jubilee Auditorium will be filled with graduands and their families, as more than 3,600 degrees will be conferred.

On 30 May, the Faculties of Agriculture and Forestry, Engineering, Home Economics, and Science will present their graduands to Chancellor Peter Savaryn. The Report to Convocation will be presented by President Horowitz. Colonel Eric Cormack and his wife, Barbara Villy Cormack, will receive honorary Doctor of Laws degrees and deliver a joint Convocation Address.

L.C. Leitch, Vice-President (Finance and Administration), will Report to Convocation on Tuesday, 31 May. Graduands from the Faculties of Arts, Business, and Law will receive their degrees. George Shevelov, described by his colleagues as "the dean of Ukrainian philological studies in the world," will receive an honorary Doctor of Letters degree and present the Convocation Address. Mattie McCullough, a driving force behind the Alberta Home and School Association, will also receive an honorary degree.

On the evening of the 31st, the Alumni Association will hold its Spring Convocation Banquet and Ball at which the 1983 Maimie S. Simpson Scholarship Award will go to Doris Bonora, a third-year Arts student. The scholarship, valued at

\$1,500, recognizes Miss Bonora's contribution to campus life and the University community, as well as her academic achievements.

Miss Bonora is the fourth recipient of the Scholarship, named for Maimie S. Simpson, Dean of Women from 1950 to 1960.

The Deans of Education, Faculté Saint-Jean, Nursing, and Physical Education and Recreation will present candidates for degrees on Wednesday, 1 June. Out-going Dean of Education Walter Worth will give the Report to Convocation; honorary degree recipient Rosalyn Yalow, the 1977 Nobel Prize winner in medicine, will give the Convocation Address. Jean Forest, Chancellor Emeritus of The University of Alberta, will also receive an honorary degree on the third day of Convocation.

The last day of Convocation, Thursday, 2 June, will see graduands from the Faculties of Graduate Studies and Research, Medicine, Dentistry, Medical Laboratory Science, Pharmacy and Pharmaceutical Sciences, Rehabilitation Medicine, and Dental Hygiene presented to Chancellor Savaryn. George Baldwin, Vice-President (Academic) will present the Report to Convocation; George Tuttle, former Moderator of the United Church of Canada, will present the Convocation Address. He and Harry Gunning, a Past President of this University, will receive honorary degrees.

Profiles of the eight honorary degree recipients follow.

Eric Cormack

Eric Cormack, who will be presented to Convocation by Duncan Campbell, will receive an honorary Doctor of Laws (LLD). The volunteer efforts of Colonel Cormack and his wife, Barbara Villy Cormack, have had a profound effect on the lives of the mentally handicapped in Alberta. A founding member of the Alberta Association for the Mentally Retarded, Colonel Cormack is also a founding member of the Canadian Association for the Mentally Retarded and the Canadian Native Friend-

ship Centre. He has a long-standing association with the University's Faculty of Extension, having taught rural education and native leadership courses. A recipient of a 1977 Province of Alberta Distinguished Service Award, Colonel Cormack was honored with the Order of Canada in 1981.

Barbara Villy Cormack

Barbara Villy Cormack will

also receive an honorary Doctor of Laws degree. She will be presented to Convocation by Senate member Jean Fraser.

Mrs. Cormack and her husband were pioneers in the establishment of associations for the mentally handicapped in Alberta. Through their efforts, the Robin Hood School, a residence and vocational centre for mentally and multiply handicapped children and young adults, was established in Sherwood Park. Author of several books including *Landmarks: a History of the Girl Guides of Alberta*, *Red Cross Lady*, and *Sun Time and Harvest*, Mrs. Cormack is a founding member and a past president of the Alberta Association for Teachers of the Retarded. Like her husband, she was awarded the Order of Canada in 1981.

George Shevelov

George Shevelov, who will be presented to Convocation by Manoly Lupul, will receive an honorary Doctor of Letters

degree (DLitt). Dr. Shevelov is a native of Poland and a graduate of the University of Kharkiv and the Ukrainian Free University in Munich. "The dean of Ukrainian philological studies in the world" taught at Columbia University for more than twenty years (1954 to 1977). Professor Emeritus at Columbia since his official retirement in 1977, Dr. Shevelov has continued his teaching at the University of California, Berkeley, and Los Angeles, and the University of Michigan. A past president of the Ukrainian Academy of Arts and Sciences in New York, he has been active in numerous academic committees and societies.

Mattie McCullough

Mattie McCullough has long been acknowledged as a driving force behind the Alberta Home and School Association. Recognizing the importance of cooperation between parents and teachers, her involvement in education began in 1946. Since that time she has been actively involved in numerous areas of education. In the 1950s she and her husband established the Parkland Regional Library. She served a six-year term on the University of Alberta Board of Governors (1961 to 1966); was a member of the University Senate; and a member of the Board of Governors of Red Deer College.

Among the awards given Mrs. McCullough are the Centennial Medal (1967), an Achievement Service Award (1976), and the Order of Canada (1980). Mrs. McCullough, who will receive an honorary LLD, will be presented to Convocation by Sandy Sprague.

Rosalyn Yalow

Rosalyn Yalow was born and raised in the United States. A graduate of Hunter College in New York City and the University of Illinois, Dr. Yalow is a physicist of international acclaim. Currently a Distinguished Professor-at-Large at the Albert Einstein College of Medicine, she is also Chairman of the Department of Clinical Sciences at Montefiore Hospital and Medical Centre in the Bronx, New York. In

1977, Dr. Yalow was named Nobel Prize winner in medicine for her invention (in collaboration with Solomon Berson) of radioimmunoassay, a procedure which has led to improvement in the detection and correction of endocrine disturbance. Dr. Yalow has also been honored with the Lasker Basic Medical Research Award, the Achievement in Life Award, presented by the Encyclopaedia Britannica, and the Banting Medal of the American Diabetes Association. Ethel Fried will present Dr. Yalow to Convocation to receive her honorary Doctor of Science degree.

Jean Forest

Jean Forest, who will be presented to Convocation by Max Wyman, will be conferred an honorary Doctor of Laws degree. Chancellor Emeritus of The University of

Alberta, Mrs. Forest is a native of Manitoba. An Edmonton resident since 1947, her contributions to community and provincial activities are numerous and varied. A trustee of the Edmonton Catholic School Board for nine years, she was the first woman elected as its chair. She was also the first woman to hold the position of President of the Alberta Catholic School Trustees Association. A founder member of the Alberta Human Rights Commission, she began her affiliation with The University of Alberta in 1972 when she was elected to the University Senate. Chancellor of the University from 1978 to 1982, Mrs. Forest is Honorary Chairman of the University's 75th Anniversary Committee, and a member of the Advisory Board of Universiade '83. She is the recipient of the Queen's Silver Jubilee Medal and an Alberta Achievement Award for outstanding service to the community.

George Tuttle

George Tuttle will be presented to Convocation by Garth Mundle. A native of Medicine Hat, Dr. Tuttle received his BA and BD from our University and his ThD from Emmanuel College, The University of Toronto. After serving a pastoral charge in Sangudo, Alberta, Dr. Tuttle taught at Union College in British Columbia for several years, during which time he was also President of the B.C. Conference.

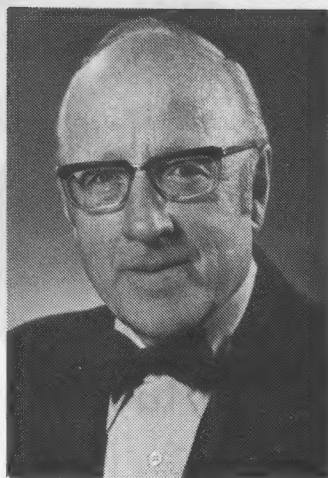

Principal of St. Stephen's College for thirteen years, Dr. Tuttle was a member of Senate for eight of those years. In 1977, he was elected Moderator of the United Church of Canada, a position which he held for three years.

He will be conferred an honorary Doctor of Laws degree.

Harry Gunning

Harry Gunning, three times a graduate of the University of Toronto and a post-doctoral fellow at Harvard University, was a research chemist with the National Research Council of Canada before coming to The University of Alberta in 1957 as Chairman of the Department of Chemistry. Dr. Gunning was honored in 1968 by being named Killam Memorial Professor of Chemistry. In 1974, Dr. Gunning was named President of The University of Alberta, a position that he held for five years. Dr. Gunning's research interests in chemical kinetics, photochemistry, and the reactions of atomic sulphur have gained him world-wide recognition. He has been honored

with such awards as the Chemical Institute of Canada Medal and an Alberta Achievement Award. Dr. Gunning is currently a consultant to the Provincial Department of Economic Development, and is on the Board of AO STRA, the Alberta Oil Sands Technology and Research Authority.

He will be presented to Convocation by Raymond Lemieux and will receive an honorary Doctor of Science degree. □

Kaleidoscope '83

History provided ten days that shook the world. Sport (Universiade '83) and entertainment/art (Kaleidoscope '83) will give us eleven days that will shake our immediate world—the campus and the city. Kaleidoscope is color, dance, art, crafts, and music. It's the festival component of the World University Games and the University is contributing rather substantially to it. For example, Jon Knowlton of the Department of Art and Design is organizing an exhibition of works ranging from "the fundamental area up to graduate work." About thirty paintings, prints, drawings, and sculptures will be displayed on the main floor of Rutherford South and twenty works will adorn the second floor of the Students' Union Building. While div-

ersity will be a characteristic of the exhibition, viewers will encounter a number of abstract and formative works.

From 16 June to 31 July, Ring House Gallery will present *Masquerade*. Under this banner are "Native Masking Traditions," "World of Masks," and "Performance."

"Native Masking Traditions" is a survey exhibition of Canadian native masks, in particular masks used in ceremonies of religion, healing, theatre, and social ritual. They illustrate the diversity in form of masks that have similar purposes, and link the masking tradition of Canadian culture with the universal practice. The masks are on loan from Canadian museum, university, and private collections.

Accompanying "The World of

Masks" exhibition is a hands on experience. Six students who are working in the areas of visual art, drama, and anthropology will coordinate interpretive activities with the exhibition, resulting in an interesting experience for Gallery visitors.

"Performance" will be presented on the lawn just east of the Gallery on 16, 23, and 30 June and 7, 14, and 21 July. The performing artists who deal with the concepts of illusion and reality as expressed by the use of masks, include Evelyn Roth, Fools Theatre, Rae Anderson, The Areté Mime Troupe, and Chinese Lion Dances—Frank Lee's Martial Arts International.

Evelyn Roth, a Vancouver artist, will present her dance story which is based on a Haida Indian legend. The Salmon Dance is performed by seven dancers who act out the parts of totem animals such as the raven, bear, and eagle in and around a fifty-foot inflated nylon salmon (16 June).

Fools Theatre, according to promotional material, "defies probability, gravity, and description. They'll lift your spirits, suspend your expectations, juggle your imagination, and fire your enthusiasm." The performance is for an audience of all ages (30 June).

Rae Anderson's Dance of the Scarecrow Brides reveals the ritual and ceremony of spring. The circle of figures conjures up ancient and haunting images of scarecrows, those reflections of ourselves, and plays with that universally recognized symbol, the bride's mask—in Western society, the white veil and gown (7 July).

Calgary's Areté Mime Troupe have "dedicated themselves to the task of presenting high quality mime that is entertaining and understandable." They have accomplished this by using original ideas and a seemingly boundless supply of energy (14 July).

The Lion Dance (21 July) traditionally marks the lunar New Year. The dance begins

with a masked performer teasing a gaudily painted lion. The creature responds by rearing and bowing, shaking its head, and charging in rage. All this occurs amid "a din of drumbeats, crashing cymbals, and exploding firecrackers."

Admission is free; the starting time for each performance is 7:30 p.m.

Richard Link, a graduate student in the Department of Music, is working up a program of Gilbert and Sullivan material for a half-hour show of light musical theatre. Pianist Link and his associates—two other musicians and three singers/actors—make up A Little Light Music, a group with a penchant for fast paced, knock 'em dead entertainment.

Performance dates and locations will be determined shortly. It is known that one performance will be held on campus; Sir Winston Churchill Square and various shopping malls and parks are being considered. There will be no admission charge.

The Office of Native Affairs is planning a number of events. Four Plains Indian teepees and an authentic Metis log cabin will be set up in the Quad and the Edwards Collection of Plains Indian artifacts, including a spruce bark canoe, will grace the Heritage Lounge in Athabasca Hall. Native Affairs is hoping to add selected Metis artifacts from the Glenbow Museum to the display. Curatorial services are being extended by the Department of Anthropology.

The itinerary of Prince Charles and Princess Diana calls for them to see the display on 30 June at 10 a.m.

There will be dancing each day (1 to 11 July) at noon in the "village" and a Native Dance Extravaganza involving Blood, Blackfoot, Sarcee, Stony, and Cree dancers is being scheduled for Sir Winston Churchill Square.

Seventeen native artists, including Alex Janvier, have been commissioned to produce paintings and pen and ink sketches for the Crafts of the

Off to the sound of the cannon, hundreds of staff and students from virtually every department joined the President's Walk last Friday, 20 May. Clowns on roller skates, aerobic dancers, bandsmen playing martial music—all followed their general in the march of 1983, celebrating National Physical Activity Week and the University's Physical Activity Day.

World exhibition at the Edmonton Convention Centre.

The Movee Mobile Dancers, selected members of the University's Orchestral Dance Group and Faculty of Physical Education and Recreation staff, will perform throughout Universiade '83. The eight-member group will present a structured piece which contains some elements of

freedom. The performance, which can be regarded as the putting together of a puzzle, will be very much in the creative dance vein. The working title is "Dance Tangents."

The Movee Mobile Dancers will perform once on campus and at a number of outdoor and indoor locations around town. □

Merck-Frosst (Canada) Lecture

The First Merck-Frosst (Canada) Lecture will be presented on Monday, 30 May, by Samuel Danishefsky, Chairman of the Chemistry Department of Yale University.

Professor Danishefsky, who has received numerous honors, including, most recently, the American Chemical Society Guenther Award, is distinguished for his many contributions to the art and methodology of organic synthesis. He was educated at the Yeshiva University (BS), Harvard (PhD), and at Columbia University (NIH Postdoctoral Fellow). In the period 1964 to 1971, he rose from Assistant Professor at the University of Pittsburgh to Full Professor. He moved to Yale in 1979.

Professor Danishefsky serves on the editorial board of *Chemical Reviews*; he has

held Visiting Professorships at a number of universities and has given many dozens of invited lectures, both in North America and abroad. He is author of about 130 original research publications and is an international leader in the area of organic synthesis. His work is characterized not only by the obvious originality of the ideas but also by the daunting complexity of the molecules he is able to assemble.

Professor Danishefsky's lecture, which is sponsored by the Canadian Pharmaceutical Company, Merck-Frosst, will deal with the Hetero Diels-Alder Reaction, a process which he has been instrumental in developing into an important reaction of wide generality.

The lecture will be at 11 a.m. in V-107 Physical Sciences Complex. □

Last Call for Nominations

Nominations are still being accepted by the University's Alumni Association for its Alumni Golden Jubilee Award. The award, presented annually, recognizes an individual (not necessarily a graduate of the University) who has made a significant contribution to the University. This year's award will be presented at Fall Convocation on 19 November.

Nominations should be made in writing and addressed to: Alumni Golden Jubilee Award, Office of Alumni Affairs, 430 Athabasca Hall, The University of Alberta, Edmonton, Alberta T6G 2E8.

The deadline for nominations is 30 May 1983. All nominations must be received by that date. □

Twist But Don't Shout

A demonstration-lecture on Hatha Yoga (Iyengar Method) will be presented on 26 May at 7:30 p.m. in the Education Gymnasium. Admission is \$3.

Many campus yoga enthusiasts will be interested in this event as the practitioner, Aadil Palkhivala, is regarded as an outstanding teacher of yoga.

The Iyengar approach to Hatha Yoga emphasizes a dynamic balance among flexibility strength and muscular endurance. Iyengar Yoga is for people who wish to explore and expand their awareness of the way they use their body in daily life. In addition, athletes as well as people suffering from various physical complaints have found Iyengar Yoga to be beneficial.

The demonstration is sponsored by the BKS Iyengar Yoga Association of Edmonton in cooperation with the University's Staff Fitness Program. Mr. Palkhivala will be assisted by his brother, Jehangan. Both are students of B.K.S. Iyengar, Aadil having been Mr. Iyengar's assistant at the B.K.S. Iyengar Yoga Institute at Poona before moving to the San Francisco area. Jehangan has also assisted Mr. Iyengar at Poona and at demonstrations at other centres.

Today's event will allow all interested in yoga, whether teachers, students, or newcomers, to observe a high level demonstration of the Asanas, improve understanding of techniques, and ask questions. □

Revolutionary Equipment to be Demonstrated

On 2 June, a demonstration of the Sloan Dektak IIA Surface Profile Measuring System will take place in the Microsurfacing Laboratory, Department of Electrical Engineering. Under ideal conditions, says Barry Arnold of the department, the device will provide vertical resolution of as little as five angstroms.

Dino Deligiannis, Tasman Scientific Inc., is the demonstrator. Interested people are invited to attend; the hours are 9 a.m. to noon and 1 to 4 p.m.

The Microsurfacing Laboratory is in B42, Civil/Electrical Engineering Building.

For further information, contact Mr. Arnold at 432-4645. □

Transdisciplinary Panel to Discuss Services for Handicapped Children

The Department of Educational Psychology, Multiple Dependent Handicapped Program, and the Alberta Association for Dependent Handicapped will present a panel discussion on transdisciplinary services for the severely handicapped. Representatives of a variety of disciplines will present the contribution of their disciplines to total service delivery to sever-

ely and multiply handicapped children, and discuss means of facilitating coordination of services.

The forum will be held on 8 June from 7:30 to 9:30 p.m. in 129 Education South. No fee is required but advance registration is requested to assist planning. Everybody interested in or involved with services for severely and multiply handicapped individuals is in-

vited to attend.

Registration forms can be obtained from Dick Sobsey, 6-102 Education North, telephone 432-5084.

Glenda Murphy, President of the Alberta Association for Dependent Handicapped, will make a brief opening statement. Dick Sobsey, Assistant Professor with the University's Multiple Dependent Handicapped Training Program, will moderate the discussion. □

people

On 8 May, *Jean Forest* (Chancellor Emeritus) was awarded the DeSmet Medal by Gonzaga University in Spokane. The medal was first awarded in 1930 as a memorial to Father Peter DeSmet, the pioneer Jesuit missionary to the northwest.

L.A. Kosinski (Geography) participated in an international symposium on Mountain Population Pressure, held in Kathmandu, Nepal. It was one of several specialized meetings, sponsored by the Commission on Population Geography of the International Geographical Union, held recently in the Third World countries. These symposia were initiated by Dr. Kosinski when he served as a chairman of the Commission.

Sherburne McCurdy (University Senate) has been awarded the Canadian Teachers' Federation Special Recognition Award for meritorious service to education at the provincial, national, and international levels. Dr. McCurdy, President of Alberta College, formerly lectured in the Department of Educational Administration. He is Chairman of the Senate Task Force on Second Language Issues in Alberta.

service information

All information to be included in this column must reach the Office of Community Relations by 9 a.m. the Thursday prior to publication.

Coming Events Lectures and Seminars

Department of Entomology
26 May, 4 p.m. Douglas H. Ross, Holt, Michigan, will present a seminar entitled "Role of natural enemies and pathogens in the integrated control of mosquitoes." 245 Earth Sciences Building.

Alberta Heritage Foundation for Medical Research

31 May, 11 a.m. Wolfgang Schneider, Department of Molecular Genetics, University of Texas, will lecture on "Synthesis and Processing of the Low Density Lipoprotein Receptor." Hosted by the Department of Biochemistry. 2-27 Medical Sciences Building.

2 June, 4 p.m. Kenneth Hastings, Department of Biology, University of Virginia, will speak on "Gene Sets in Muscular Development." Hosted by the Department of Biochemistry. 2-27 Medical Sciences Building.

Department of Secondary Education

31 May, 10 a.m. Michael W. Apple, Professor of Curriculum and Instruction and Educational Policy Studies, University of Wisconsin, Madison, will discuss "The Intensification of Teaching: An Historical and Ideological Analysis." 2-115 Education South.

Exhibitions

Until 29 May. "Autobiography." An exhibition of photoworks by Terry Atkins and Erich Ranfft, which includes room installations of photoworks ranging from wall presentations and assemblages to folios and bookworks.

Until 31 May. Books of the Renaissance. The Bruce Peel Special Collections Room, B-37 Cameron Library.

75th Anniversary Events

Until 31 May. Faculty publications by members of the Department of Germanic Languages on display on the 2nd floor, Humanities and Social Sciences Library, Rutherford North, across from the Circulation desk.

Devonian Botanic Garden

The University of Alberta Devonian Botanic Garden is open to the public, free of charge, from May to September. The hours are 10 a.m. to 4 p.m. weekdays and noon to 6 p.m. weekends and public holidays. The Garden welcomes visitors and is located on Highway 60, some 4.8 kilometres north of Devon.

Radio and Television

Television

Programs broadcast on Q-9 and C-13.

1 June, 9 p.m. Faculty Profiles—Faculty of Arts—Department of English—"Making Things With Words."

4 June, 9 p.m. Faculty Profiles—Faculty of Arts—Department of English—"Making Things With Words."

SUB Theatre

27 May, 8 p.m. Edmontonians for a Non-Nuclear Future is sponsoring addresses by George Ignatieff and Paul McRae. Their topic is "Canada and the Danger of Nuclear War." For more information, contact Mel Hurtig at 426-2359.

30 May to 4 June. Alberta Dance Educators Association presents the Annual Dance Competitions. For more information, call Collette Featherstone at 428-2882 or 478-2228.

5 June, noon. The Arab Students' Association's "Middle East Film Showing/Cultural Display." For more information, contact Marlene Hamdon at 487-5313 or 420-2119.

7 June, 7:30 p.m. Marr-Mac Productions presents the Year End Dance Performance. Tickets are available from Marr-Mac.

10 June, 7 p.m. Shelley's Dance Company Ltd. presents "Stars of Tomorrow."

Tickets available from Shelley, 465-1731.

Studio Theatre

30 May to 4 June. "The Tempest." Directed by Ben Henderson.

Non-Credit Courses

Computing Services

Client Training Sessions

Computing Services is taking registrations between 8:30 a.m. and noon for the following non-credit courses. Please phone 432-2261 first to confirm the dates.

Payment is required in advance and clients who do not cancel two business days in advance will be charged. Contact Carey, Training Assistant, 323 General Services Building, telephone 432-2261, for more information.

Introduction to the BMDP

Control Language

Course number: 1067. Date: 27, 29 June.

Time: 2 to 4 p.m. Fee: \$5. Prerequisites: "MTS and Editor Fundamentals," "MTS and File Editing Concepts," or a good working knowledge of MTS is required. The "Data Preparation for Statistical Packages" seminar is recommended. Place: 315/351 GSB.

Data Preparation for Statistical Packages

Course number: 1066. Date: 23 June. Time:

1 to 4 p.m. Fee: \$5. Prerequisites: "MTS and Editor Fundamentals" or "MTS and File Editing Concepts." Place: 315 GSB.

Introduction to Plotting

Course number: 1064. Date: 24 June—9 to

11 a.m. and 28 June—9 a.m. to noon. Fee: \$20. Prerequisites: FORTRAN, basic MTS and Editor commands. Place: 315/351 GSB.

Introduction to SPIRES

Course number: 1060. Date: 21, 23 June.

Time: 9 a.m. to noon. Fee: \$15. Prerequisites: "MTS and Editor Fundamentals" or "MTS and File Editing Concepts" and a good working knowledge of file editing and terminal use. Place: 315/351 GSB.

MTS and File Editing Concepts

Course number: 1056. Date: 22, 24 June.

Time: 9 to 11 a.m. Fee: \$15. Prerequisites: None. Place: 351 GSB.

Introduction to Computing at the U of A

Course number: 9. Date: 13 June. Time: 7 to 9 p.m. Fee: \$10. Prerequisites: No previous computing experience, but familiarity with a keyboard is required. Place: 351 GSB.

MTS and Editor Fundamentals

Course number: 10. Date: 15, 17 June.

Time: 7 to 9 p.m. Fee: \$15. Prerequisites: "Introduction to Computing." Place: 351 GSB.

Field Methods

Notices

GFC Meeting

The General Faculties Council meeting scheduled for 30 May has been cancelled. The next meeting of Council will take place on 27 June at 9 a.m. The few items of business scheduled for the May meeting will be discussed at that time.

Search Committee for

Vice-President (Academic)

A search committee for Vice-President (Academic) is being formed. The committee will include two full-time teaching faculty members; nominations are being sought.

Nominations of teaching faculty, whose candidacy is supported by the signature of five other members of the academic staff (APO's, FSO's, Librarians, teaching faculty) will be accepted by the Secretary to General Faculties Council, 2-5 University Hall, until Monday, 6 June 1983, 4 p.m.

Those submitting nominations are asked to ensure that the nominee agrees to the nomination. A brief *vitae* of the candidate should accompany the letter of nomination.

Nomination and election procedures for the election of two members of the faculty to serve on this committee are contained in section 22.2 of the GFC Policy Manual.

For further information, telephone Mrs. E.A. Solomon, 432-5430.

Selection Committee, Chairman, Department of Radiology and Diagnostic Imaging

The GFC Nominating Committee is seeking nominations for one faculty member, not a member of the department concerned, to serve on the above selection committee. Would those who have suggestions for nominations or who are interested in serving on the committee please contact Mrs. P. Paskitt, Secretary of the Nominating Committee, at 2-1 University Hall, telephone 432-4715.

Search Committee for Vice-President (Academic)

The GFC Nominating Committee is seeking nominations for one faculty member to serve on the above search committee. Would those who have suggestions for nominations or who are interested in serving on the committee please contact Mrs. P. Plaskitt, Secretary of the Nominating Committee, at 2-1 University Hall, 432-4715.

Positions Vacant

The University of Alberta is an equal opportunity employer but, in accordance with Canadian Immigration requirements, these advertisements are directed to Canadian citizens and permanent residents.

Non-Academic Positions

To obtain further information on the following positions, please contact Personnel Services and Staff Relations, 2-40 Asiniboia Hall, telephone 432-5201. As positions are filled on an on-going basis, these vacancies cannot be guaranteed beyond 20 May 1983. Salaries are currently under review. For a more up-to-date listing, please consult the weekly Employment Opportunities Bulletin and/or the postings in P.S.S.R.
